

Our restaurant is named after the Eastern Kingbird, a Washington D.C. native. It has feather patterns that mimick a business suit with a crown of bright feathers revealed only when he wants to impress or intimidate.

Dapper and adaptable with the changing of the seasons, during the summer he enjoys the single life, but when he winters along the Amazon, he is the life of the party and feasts lavishly on exotic fruit of the southern hemisphere.

As the Kingbird returns north from his social season, he takes time to meditate alone. When perching in the open, the Kingbird can be an unrestrained leader without fear. The Kingbird savors the nectar of the sweet life but equally understands the need for austerity.

We consider ourselves to be equally dapper.
